

Film Review Evaluation

Name:

Mechanics

/5

Writing Style

/10

10-8

Work includes an introduction, and a conclusion. The writing flows well and uses correct paragraphing.

7-6

Style is good but does not create impact. One error of three has been made (lack of introduction, lack of conclusion, poor paragraph structure).

5-4

Major writing errors have been made, but the complete review has been attempted.

3-0

The review is incomplete.

Content

/25

25-20

All the questions are covered, and the answers show understanding.

19-15

Either all questions are covered but some responses need development, or responses show understanding but not quite all the questions are covered.

14-10

Responses are unclear/incorrect and incomplete, but substantial effort is evident and some ideas are clear.

9-0

Responses are unclear/incorrect and incomplete.
