

Nursery Rhyme Recording

Break into groups of three and choose a couple nursery rhymes. Practice saying the rhymes and discover the rhythm they have. Change the volume, pace and vocal pitch to create additional interest and intermingle the two rhymes for variety.

Do not do any of the following:

- Nursery rhymes as raps
- Nursery rhymes as conversations
- Nursery rhymes as songs

Once you have experimented for 15-20 minutes, finalize the way you will present your rhymes. Practice for articulation, phrasing, and resonance. Create an audio recording to hand in.

Nursery Rhyme Recording Evaluation

Group Members:

Category	Excellent (5-4)	Frequent (3)	Infrequent (2)	Rare/None (1-0)
Resonance				
Articulation				
Emphasis				
Variety of pace, volume, pitch				
Group cooperation
